

QUARTERLY VOTING REPORT– Q1 2023

In Q1 2023 the firm participated in four Annual General Meetings, voting upon a total of 78 proposals. On 76 occasions the firm voted in line with management's recommendation. The firm abstained from voting in relation to two proposals presented in the meetings of two separate companies due to the fact that in both cases the structure of executive compensation did not contain links to ROIC targets.
